DRAFT - UO FIP OAR OMB talking Points 10-3-16 v2.docx

Mike – The delay was to allow Shaun an opportunity to comment. Given the technical/analytical nature of the issues, I would not expect that his changes, if any, would be significant.

Chris,

Here is the latest version to send on to Mike Koerber. I think Carl was waiting for Shaun to weigh in before sending it to Mike.

Thanks,

Claudia

Subject: Draft Issue Paper for Call with OMB Re the Draft U&O FIP

Shaun

We had a call earlier today with OAQPS and OGC to prep for the call with OMB staff tomorrow to discuss our understanding of OMB's outstanding concerns and determine what concerns still remain. We can then provide you and Janet McCabe with relevant information in anticipation of a potential follow-up conversation with OMB senior management.

Janet is not planning to be on the call, however, Mike Koerber, OAQPS Deputy Office Director, will be on to facilitate the discussion. Mike has asked for an issue paper to review prior to call.

Attached is a draft we have prepared based on input from ORC, OGC, and OAQPS. I would like to send the paper to Mike tonight, but wanted to give you a chance to look it over before I send out.

If you can't get to it tonight, I can send it to Mike early tomorrow as the call isn't until 1pm our time.

Thanks

Carl Daly, Director
